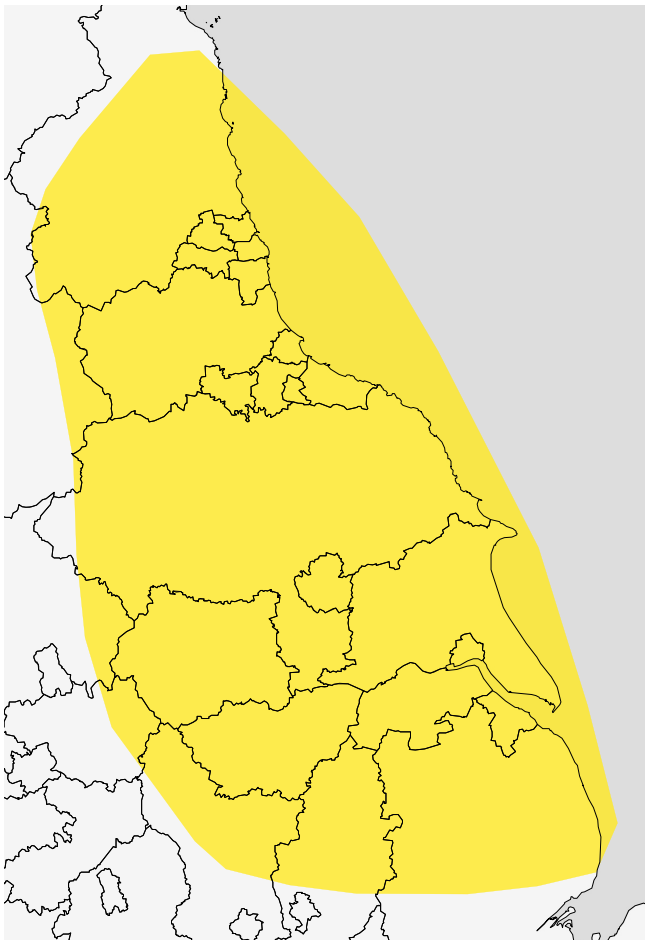
Yellow warning
Rain

Between
00:00 Thu 26 Sep 2024 and
23:59 Thu 26 Sep 2024



Heavy rain on Thursday could lead to some disruption, particularly to travel.

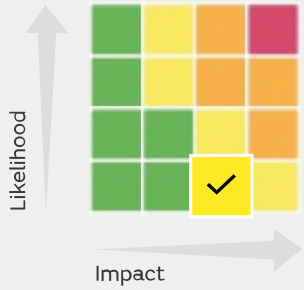
What to expect

- There is a small chance that homes and businesses could be flooded, causing damage to some buildings
- Where flooding occurs, there is a slight chance of delays or cancellations to train and bus services
- Spray and flooding could lead to difficult driving conditions and some road closures
- There is a small chance that some communities will become cut off by flooded roads
- There is a slight chance of power cuts and loss of other services to some homes and businesses

Further details

A period of heavy and persistent rain is expected to affect parts of northern England and north Midlands during much of Thursday. The heaviest rainfall is likely to be across the Pennines and North York Moors where 80-100 mm of rainfall could accumulate during the course of the day. Elsewhere, totals are likely to be lower, reaching 20-30 mm widely but with a risk of 50-70 mm in some locations.

Strong winds may also affect coastal locations and routes over high ground.



✓ Very low likelihood of medium impacts

Further Details (continued)

What should I do?

Check if your property could be at risk of flooding. If so, consider preparing a flood plan and an emergency flood kit.

Give yourself the best chance of avoiding delays by checking road conditions if driving, or bus and train timetables, amending your travel plans if necessary.

People cope better with power cuts when they have prepared for them in advance. It's easy to do; consider gathering torches and batteries, a mobile phone power pack and other essential items.

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
